

PSYCHOPHARMACOLOGY FOR COUNSELORS

A Workshop with Patrick Norton, LPC-S, NCC

A WORKSHOP FOR ALL MENTAL HEALTH PROFESSIONALS

This workshop provides counselors with a comprehensive understanding of psychopharmacology, including the mechanisms of action of psychotropic medications, the role of neurotransmitters, and the importance of collaboration with prescribing professionals. It will also explore ethical, legal, and multicultural factors impacting medication use in mental health treatment. Through interactive discussions and case studies, participants will gain practical knowledge to integrate psychopharmacological considerations into their clinical practice and enhance their ongoing professional development.

**FRIDAY
JANUARY 30, 2026**

**3 NBCC/ABSWE CE HOURS
(1 IN ETHICS)**

9:00AM-12:15PM CST

\$75.00 Early Registration Rate

\$90.00 after January 19, 2026

Registrations closes 1/29; 10am CST

LIVE INTERACTIVE ONLINE TRAINING (ZOOM)

REGISTER: laceyamoscounseling.com/workshops

WORKSHOP OBJECTIVES

1. Understand psychopharmacology: Define psychopharmacology and explain its role in mental health treatment.
2. Learn about neurotransmitters: Explain the function of key neurotransmitters and their impact on psychotropic medications.
3. Explore medication classes: Understand the different classes of psychotropic medications and their mechanisms of action.
4. Address multicultural and ethical factors: Examine cultural, ethical, and legal considerations when working with clients on psychotropic medications.
5. Promote collaboration: Understand the counselor's role in collaborative care with prescribing professionals.
6. Encourage ongoing professional development: Highlight resources and strategies for continued learning in psychopharmacology.
